Updates and News: Mayor met with DEQ, Biz Oregon, MCEDD, Regional Solutions, and Curran and McLeod to talk about status of funding for the sewer system. Good news on possible new funds available to us for this project to help with planning costs. Everyone talking together was very hopeful for this future project as well as other projects to come. Also discussed with MCEDD was a grant available for our park to do upgrades.

WILDLIFE IN CITY LIMITS

As a reminder, feeding the deer or any other wildlife that may reside or -through Grass Valley is against the law. There have been multiple reports of deer with health and soundness issues, and it has been determined that the most likely cause of this is the excess amounts of "unnatural" feeds they are consuming.

Old Cars and Trucks around your House

Be mindful that old cars and trucks are a hazard to children and others. Cleaning up and putting up a fence in the area around old vehicles in your yard until such a time they can be removed, would be greatly appreciated—mowing or whacking tall grasses and weeds! A temporary fence could easily be installed with the help of members of the community. Just ask for help!

Help US Help YOU

The city yard holds several services for our community (located at South end of town) :

Recycle center

Compost pile

Burn pile

Firewood lot

These services are a "courtesy" to the people of GV. Please respect each of these services.

The recycle center is opened on Mon. & Tues from 1-3. The only time anything should be left at this area is when an attendant is on site. The compost pile is for leaves and grass (hay...) only. The burn pile is for other yard debris. There should be no man made materials put in the compost or burn piles! The fire wood pile is for all tree debris with a diameter over 4". Anything that does not fit in your truck doesn't belong up at the city yard.

***To continue providing these services, we need to keep labor costs as low as possible. Thank you:)**

PARKING ON CITY STREETS

Please remember to park as far off the City streets as possible. This allows for snow plows and other snow clearing machinery/vehicles to clear our streets safely and efficiently, and help keep our residents as safe as possible.

BURNING

The City Council wants to remind all residents that there is no burning of plastic or any materials that smolder. The DEQ has been contacted and violators may be prosecuted.

Be sure to check out the City's website for all Ordinances & Resolutions. We also post Minutes from City Council Meetings, Pavilion Rental Forms, copies of past & current City Newsletters and MORE! www.grassvalleyoregon.com
